The club championship was briefly discussed with the possibility of using variable tees instead of the blue tees. The exact format will be discussed in greater detail at future meetings.  
The Ryder Cup will likely be moved back to December so as to avoid the cold weather we've experienced the last 2 January's.  
Traditionally the Master's is the season ending tournament. It will be played out over 3 weeks. The 1<sup>st</sup> two weeks will determine a low net for each flight. Then the 4 flight winners will square off to determine the Master's champion.
