

Minutes of the November 12, 2020 Vema Board Meeting

Meeting called to order: Called by David Hill President at 8:06 AM

In Attendance:

Glen Tarsha, David Horst, Bill Scholtens, David Hill, Mike Schmitt, and guest Terry Groh(Dutch).

Minutes from the October meeting were approved. Motion by Glen and seconded by David Horst. Approved by all.

Treasure's Report: Glen supplied documentation that the Vema treasury has a balance of \$6,421.69. Motion to approve the report was moved by David Horst and second by David Hill. Approved by all.

New Business:

CTP winnings; President Hill made a decision to place winnings of the CTP into individual Pro Shop Credit Books if they were not in attendance to accept their prize. No further discussion.

Membership: Glen and Mike informed us that we are up to 112 members with new members.

Other Items:

Vema President's Tournament was finalized. Information will be forthcoming next Sunday night. Dates are December 10 & 17 and you must be available both weeks to enter with a \$20 entry fee per player.

Discussion item: Handicaps were discussed including if we should lower the maximum handicap of an individual playing in Vema. After nearly 15 minutes of discussion it was decided to leave the current handicap rules in place.

Discussion: How can Vema make it more challenging for the stronger players? After several minutes of discussion it was concluded that Vema was not designed to attract lower handicap players but create a league of having fun and developing comradery among its members. Discussion was ended on that notion as to why Vema exists.

Discussion: Why are we no longer having A flight players playing against A flight etc.

It is the intent to do just that when we have our monthly individual play. Mike and David are going to speak with Chris to ensure he understands that is what we want. It was also brought to our attention that the Sky Blue players are supposed to be doing the same thing on individual weeks.

There were no more items of discussion and it was moved By David Hill to adjourn. Seconded by David Horst. Approved by all.
