Old Business: none

New Business:

Handicap index and Pairings: Mike Schmitt explained the procedure and why sometimes there is an overlap and a player may be in a different flight than they think they should be. Mike explained that this happens because we do not have equal numbers in all flights.

Sky Blue Flight: This was explained why there are A, B, C, & D players in the same Sky Blue Flight. President Hill reiterated that when we went to a Sky Blue Flight there would be one flight each month for those individuals. The handicap should take care of any discrepancies that members feel there may be. Motion moved to leave as it is. There was a Motion by VP Bruce Schwanda and second by Marc Brown.

Future Calendar: Tournament Director David Horst and President Hill encourage all members to look at the schedule on the Vema Website to see what is coming.

Motion to adjourn: Moved by Treasurer Glen Tarsha and seconded by Tournament Director David Horst.

Meeting adjourn at 1:20 PM
